As a highly motivated and ambitious individual with a passion for programming and cyber security, I am currently working as a Bug Bounty Hunter at HackerOne. In this role, I utilize my skills in web penetration testing, bug bounty hunting and have knowledge of various hacking tools and methodologies to identify and report vulnerabilities in various software systems. I have experience in identifying and reporting on various types of vulnerabilities such as XSS, CSRF, and Injection flaws. I am always eager to learn new skills and technologies to improve my performance and contribute to the success of the company.

EDUCATION

BCA, Computer Science and Applications, Reva University

September 2021 – present

- Throughout my time at **Reva University**, I have consistently achieved academic excellence, consistently maintaining a **GPA of 8.5**. In addition to attending classes, I have actively participated in various college-level technical events, competitions, and workshops related to web development and cyber security.

Intermediate (PCMC), Sri Chaitanya PU (+2) College

2018 – 2021
Bangalore

- The curriculum included various subjects such as mathematics, physics, chemistry, and computer science. I consistently achieved academic excellence throughout my education, maintaining a high GPA.
